Bankruptcy Court  
Judge Robert D. Drain  
U.S. Bankruptcy Court Case #05-44481  
One Bowling Green  
New York, New York 10004-44481

Reference Case #05-44481

As a recently retired Delphi Salary Employee I strongly object to the recently filed Delphi Modified Plan of Reorganization. Delphi is asking the PBGC to drop its rights to secured claims and become an unsecured claim. This is an absurd request. In addition Delphi is suggesting that the PBGC should terminate the Delphi Salary Pension. This action would allow Delphi to avoid its responsibility to fund the Delphi Salary Pension and would dump the liability on the PBGC and the American Tax Payer. In addition, further hardships would be borne by the Salary Retirees while the Hourly Pension is transferred to General Motors. This is fundamentally unfair and favors one set of creditors over another. GM should assume the Salary Pension just as it is assuming the Hourly Pension. Since the Salary employees spent most of their careers working for GM prior to 1999 this would be a more equitable solution.

I ask the court to reject this modified plan and to force Delphi and GM to negotiate a plan that is equitable to the salary retirees.

Yours Truly,
